Opis produktu

Hello again, sports fans! Blood Bowl – the legendary game of fantasy football – returns for a new season of ultra-violent sports mayhem. The plays are bigger, the hits are harder, and every game will be filled with moments to remember.

As the coach of an Imperial Nobility or Black Orcs team, it’s up to you to guide your players through each play, each game, and each season to ultimate victory.

No two matchups are the same. From the moment your team stomps out on the gridiron, your grit, wits, and capacity for grievous violence is put to the test. The action’s fast and furious, but if you keep your head in the game you just might best your opponent and score the most points – or make sure they can’t get back up to stop you. Fame, wealth, and glory await if you win...

This box is stuffed with absolutely everything you need to play smashing games, with two generously-appointed teams and all the extra gubbins.

Inside the box you'll find:

– 12 red plastic Imperial Nobility team players: 4 Imperial Retainer Linemen, 4 Bodyguards, 2 Noble Blitzers, and 2 Imperial Throwers
– 1 red plastic Star Player, Griff Oberwald
– 1 red plastic Blood Bowl Ogre
– 12 green plastic Black Orc team players: 6 Goblin Bruiser Linemen, and 6 Black Orcs
– 1 green plastic Star Player, Varag Ghoul-Chewer
– 1 green plastic Blood Bowl Trained Troll
